

Physician Advisor Leadership Position with an 11-Hospital, Not-for-Profit System in Atlanta

PHYSICIAN ADVISOR

- Executive level position, report directly to the VPMA/Chief Medical Officer of this massive health system
- Represent a system with 14,000 team members, 1,000 employed physicians, and 140+ physician offices
- Patient-centered model of care with an enormous value placed on quality and safety
- Advisor roles are responsible for defined quality, utilization, patient satisfaction and efficiency metrics through performance improvements and education initiatives, enabling your facility to achieve its stated goals
- Conduct clinical review on cases referred by the Care Coordinator/healthcare professionals in accordance with hospital objectives for assuring quality patient care and effective utilization of healthcare services
- Guaranteed salary and bonus program combined with one of the best employee benefit plans in the country
- Additional executive level benefit plan included in your employment package
- Take your career to the next level with this thriving 11-hospital system

ATLANTA—THE CITY YOU KNOW AND LOVE

- Living in this warm, major metropolitan city of nearly 5 million residents
- Atlanta contains the 3rd largest concentration of Fortune 500 companies, global headquarters of giants like Delta and Home Depot
- Everything you could want from shopping, boating, nightlife, and much more
- A city that is perfect for both the single physician and the physician with a family
- Atlanta is known across the country for its abundant shopping, dining, and upscale malls
- Enjoy a year-round moderate temperature, a low cost of living, and top-notch schools (public, private, and major university settings)
