

Physician Advisor

Set your sights on a role making a real difference in the healthcare system. We're looking for self-motivated Physician Advisors in Level of Care (LOC) to join our Physician Advisory Services team.

The R1 Physician Advisory Team offers a range of services that help navigate the path to compliant revenue. The LOC team proactively manages cases at the point of entry to ensure proper classification to increase compliance and reduce the risk exposure of revenue take backs. We have a relentless focus on driving results for our customers and enabling them to invest more into patient care; in turn, this allows us to continue to grow our company and your career.

The LOC Physician Advisor serves as a clinical resource to medical staff by providing identification, facilitation and resolution of utilization issues. The Physician Advisor addresses the following issues: compliance, level of care, length of stay, hospital reimbursement and quality issues for our hospital clients.

Your day to day role will include:

- Level of Care receives cases within an electronic medical records internet queue and Physician Advisors are expected to review 2 cases per hour and respond to the customer in a timely manner
- Actively engage with attending physicians when concurrent or retrospective review identifies a documentation issue
- Phone contact with utilization review team and/or case managers at client hospitals regarding submitted case determinations
- Communication with payors to defend inpatient status
- Providing written analysis of the case

You Have:

- Active, unrestricted MD or DO medical licensure
- At least 3 year of experience post-residency, clinical practice experience
- Strong clinical knowledge base
- Understanding CMS/HMO payment guideline
- Understanding of the 2 Midnight Rule
- Must be computer proficient
- Strong verbal and written communication skills
- Must be professional, organized and possess persuasive writing and speaking skills
- Possess strong negotiating/reasoning/logic and problem-solving skills
- Must have the ability to perform case reviews across multiple specialties
- Must have some flexibility with schedule (minimum of 20/hours week)
- Weekend work commitment required
- Demonstrated skills and interest in CDI and/or LOC management
- Able to play a dynamic role with ability to adapt to constant change as needs change

- Ability to work as part of a team

It would be great if you also have:

- Inpatient experience
- Board certification
- Basic knowledge of with Interqual, and Millman criteria preferred

We offer:

R1 is changing healthcare by infusing operational discipline and proprietary technology in hospital financial processes. We are an industry leader; we are the only independent organization with a comprehensive service and technology offering for hospital revenue cycle management, and we have achieved leading outcomes for our customers.

- A strong financial performing, growing organization that will keep you on your toes with new ideas, changes and opportunities to learn and grow in abundance.
- A culture of excellence, driving customer success so they can focus on improving patient care and on giving back to the community.
- A Total Rewards package which may include such things as: competitive compensation package, the ability to choose from a comprehensive benefit program mostly funded by R1 that includes medical, dental, vision, flexible spending accounts, commuter benefits, life and disability insurance, along with work life balance programs including paid time off for personal time, illness and volunteering, and we offer a retirement savings plan and continuing training and development and so much more!

Sound like you? Let's talk!
